

Download and create your own paper flower pot lantern!

Print it on white paper and colour it in →

Play with different colours

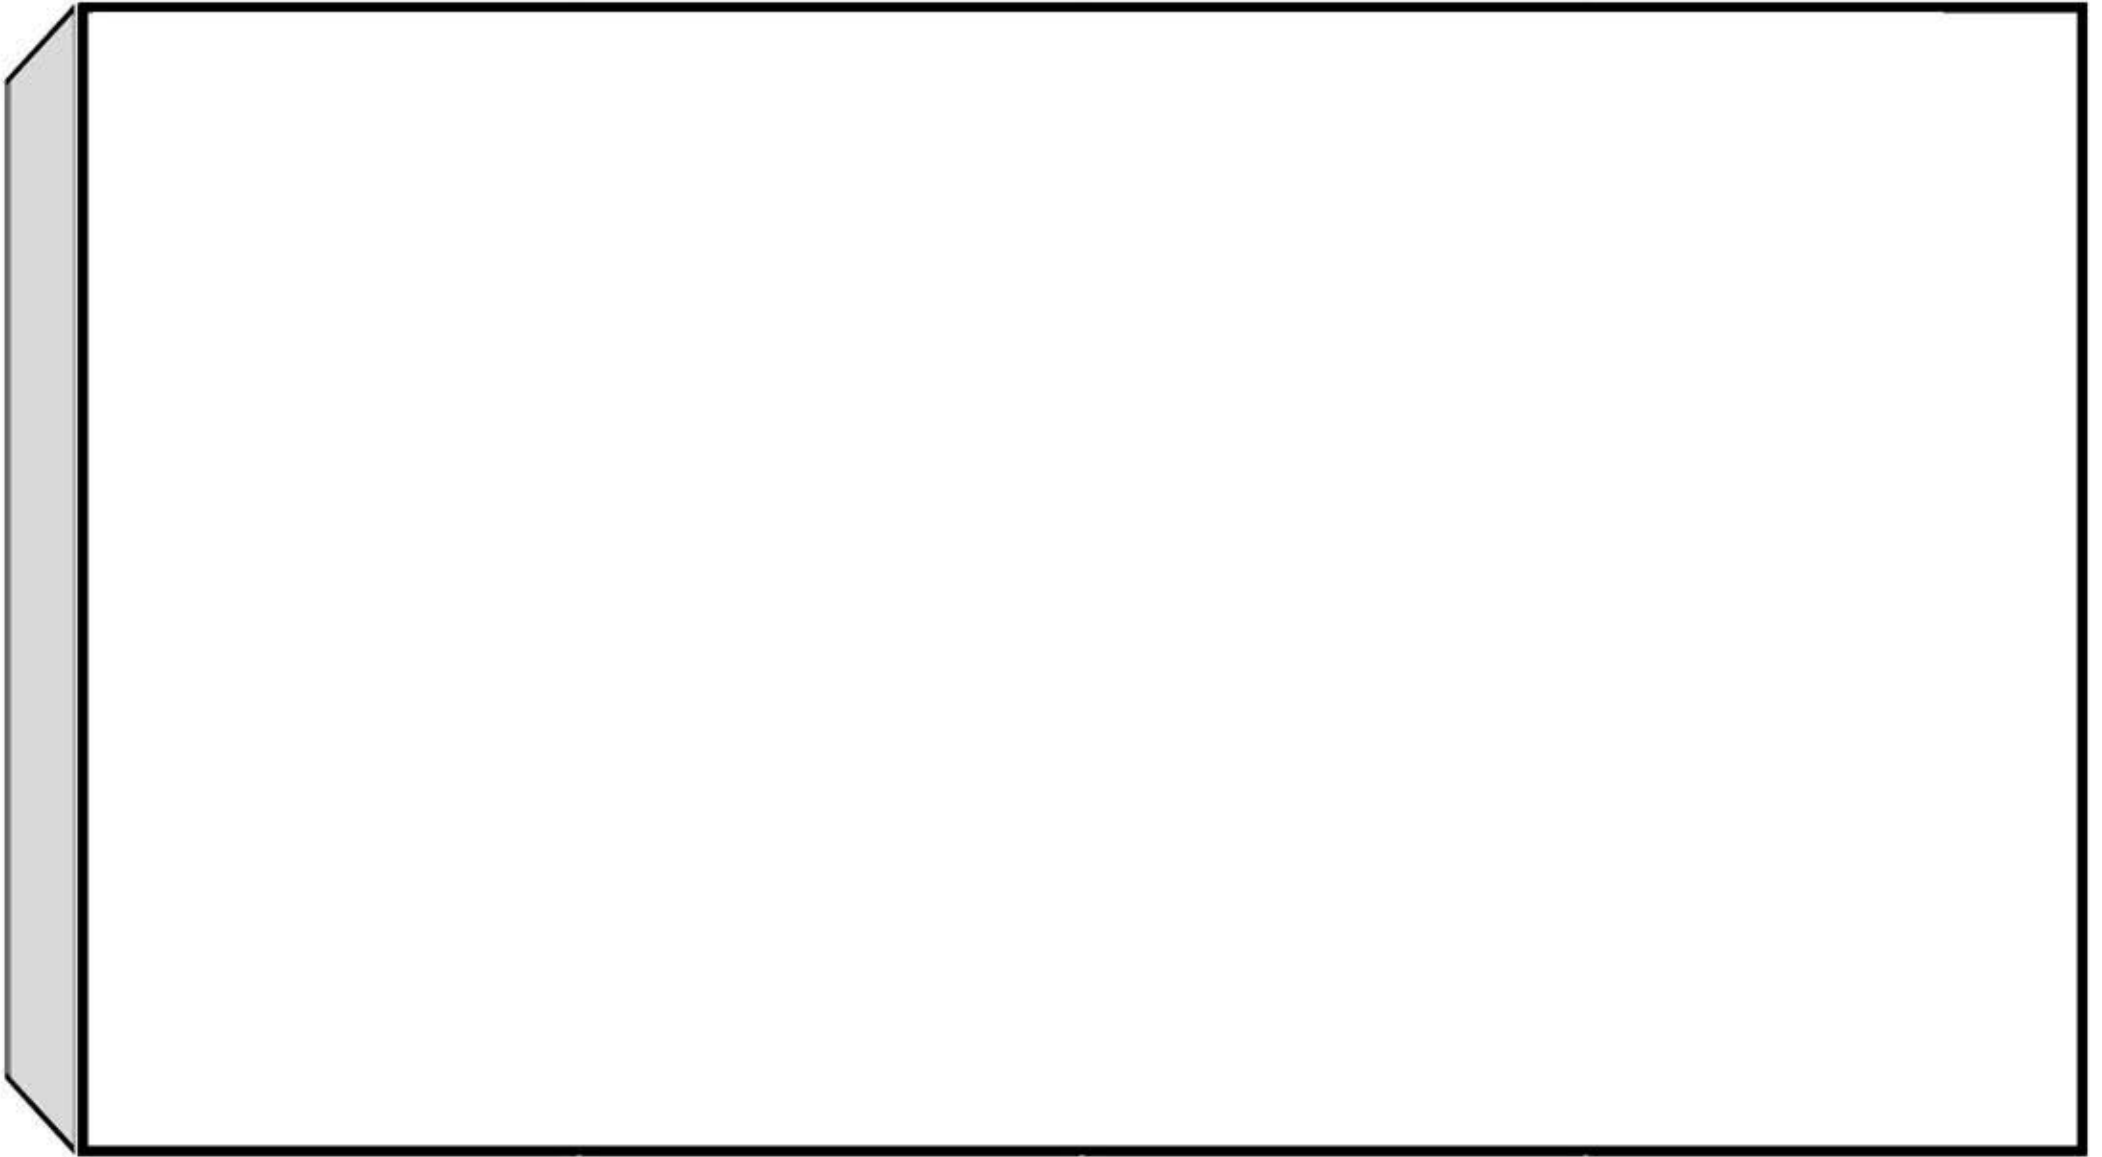

Try inventing your own flowers and leaves!

This paper craft kit is fun for children and grown ups, and will take about 30 minutes to complete

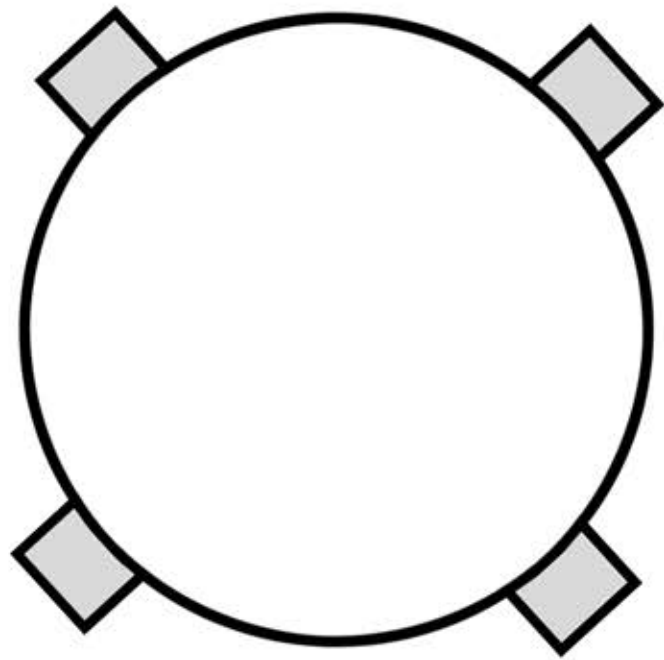

- You will need:**
- Fast drying glue, or sticky tape
 - Scissors
 - 5 sheets of white or coloured A4 paper (180 gsm is best)

We recommend using a small battery operated LED light, please don't use candles - its made of paper!

1. Start with this box: Cut out the shape. Stick together to make a cylinder.

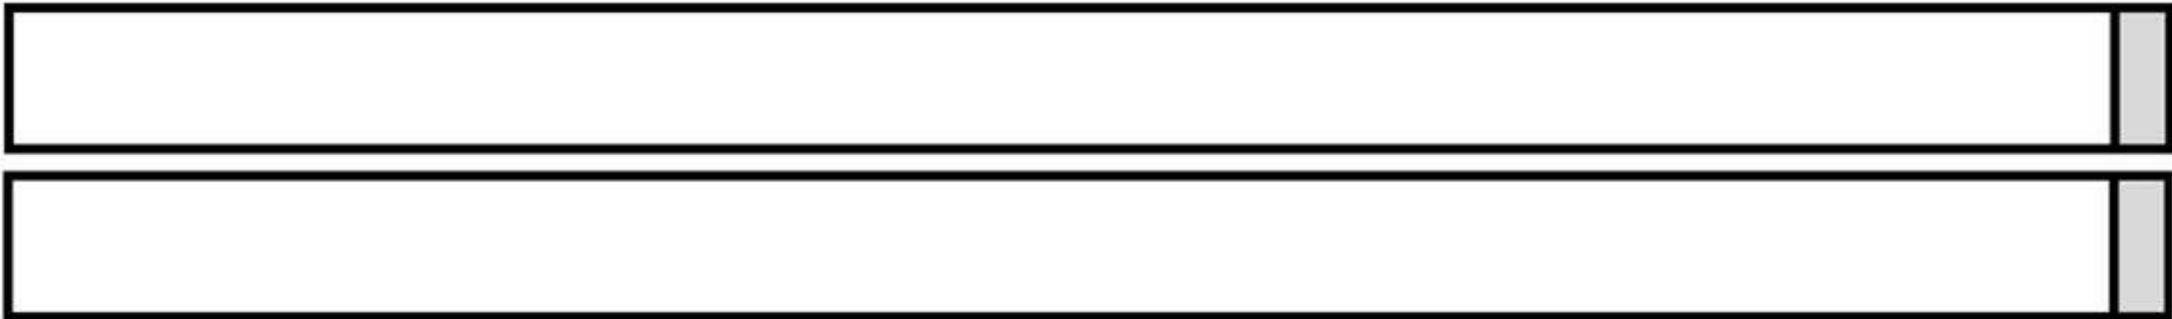

Bottom

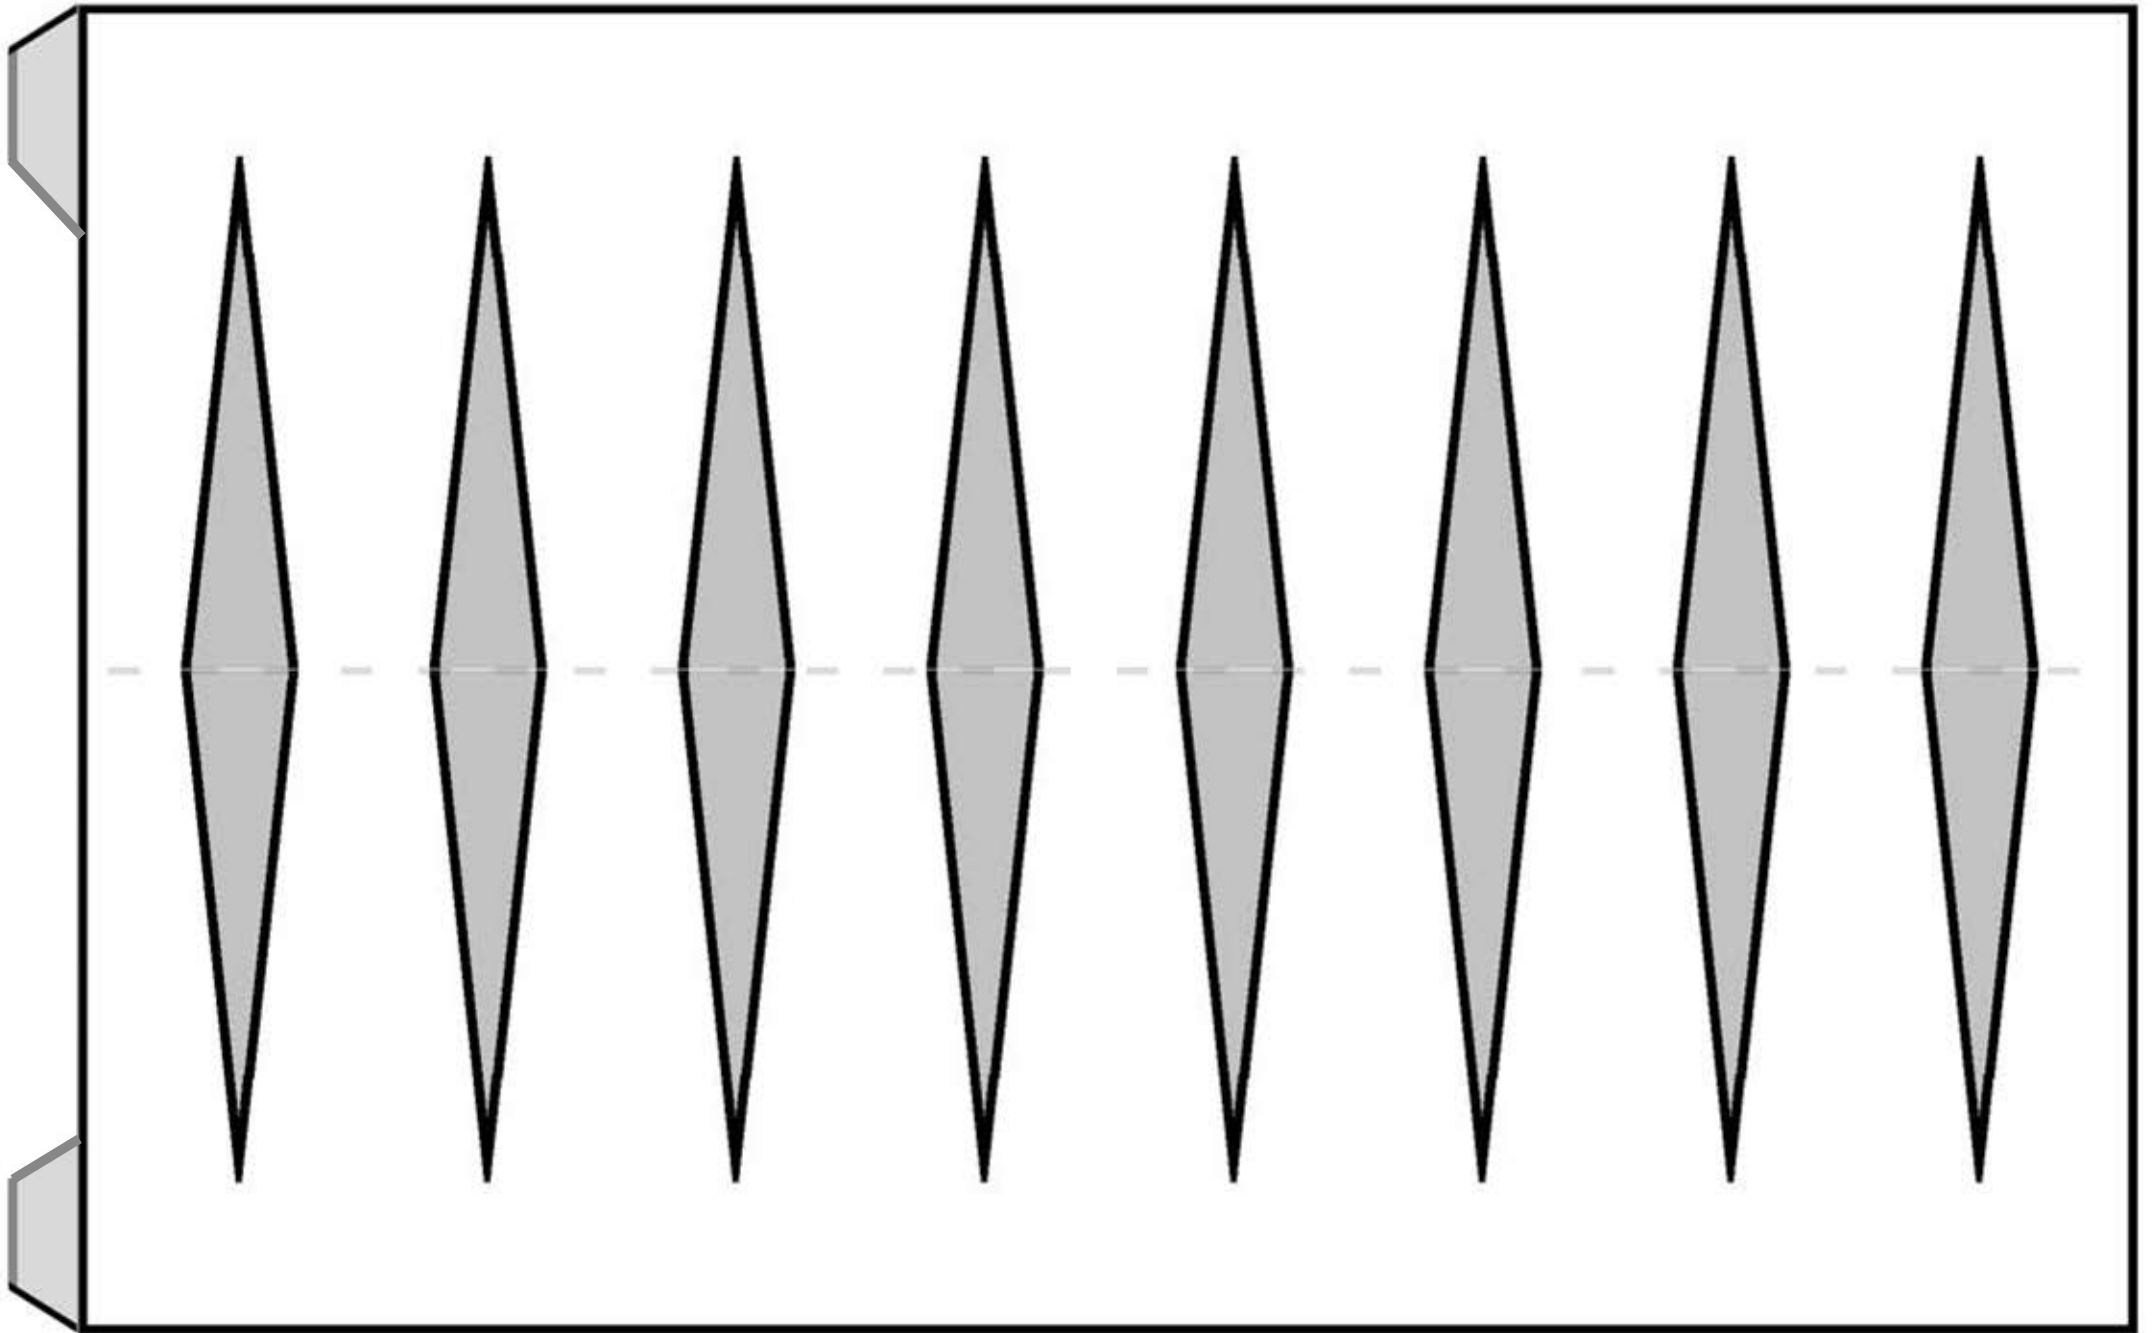

Handle

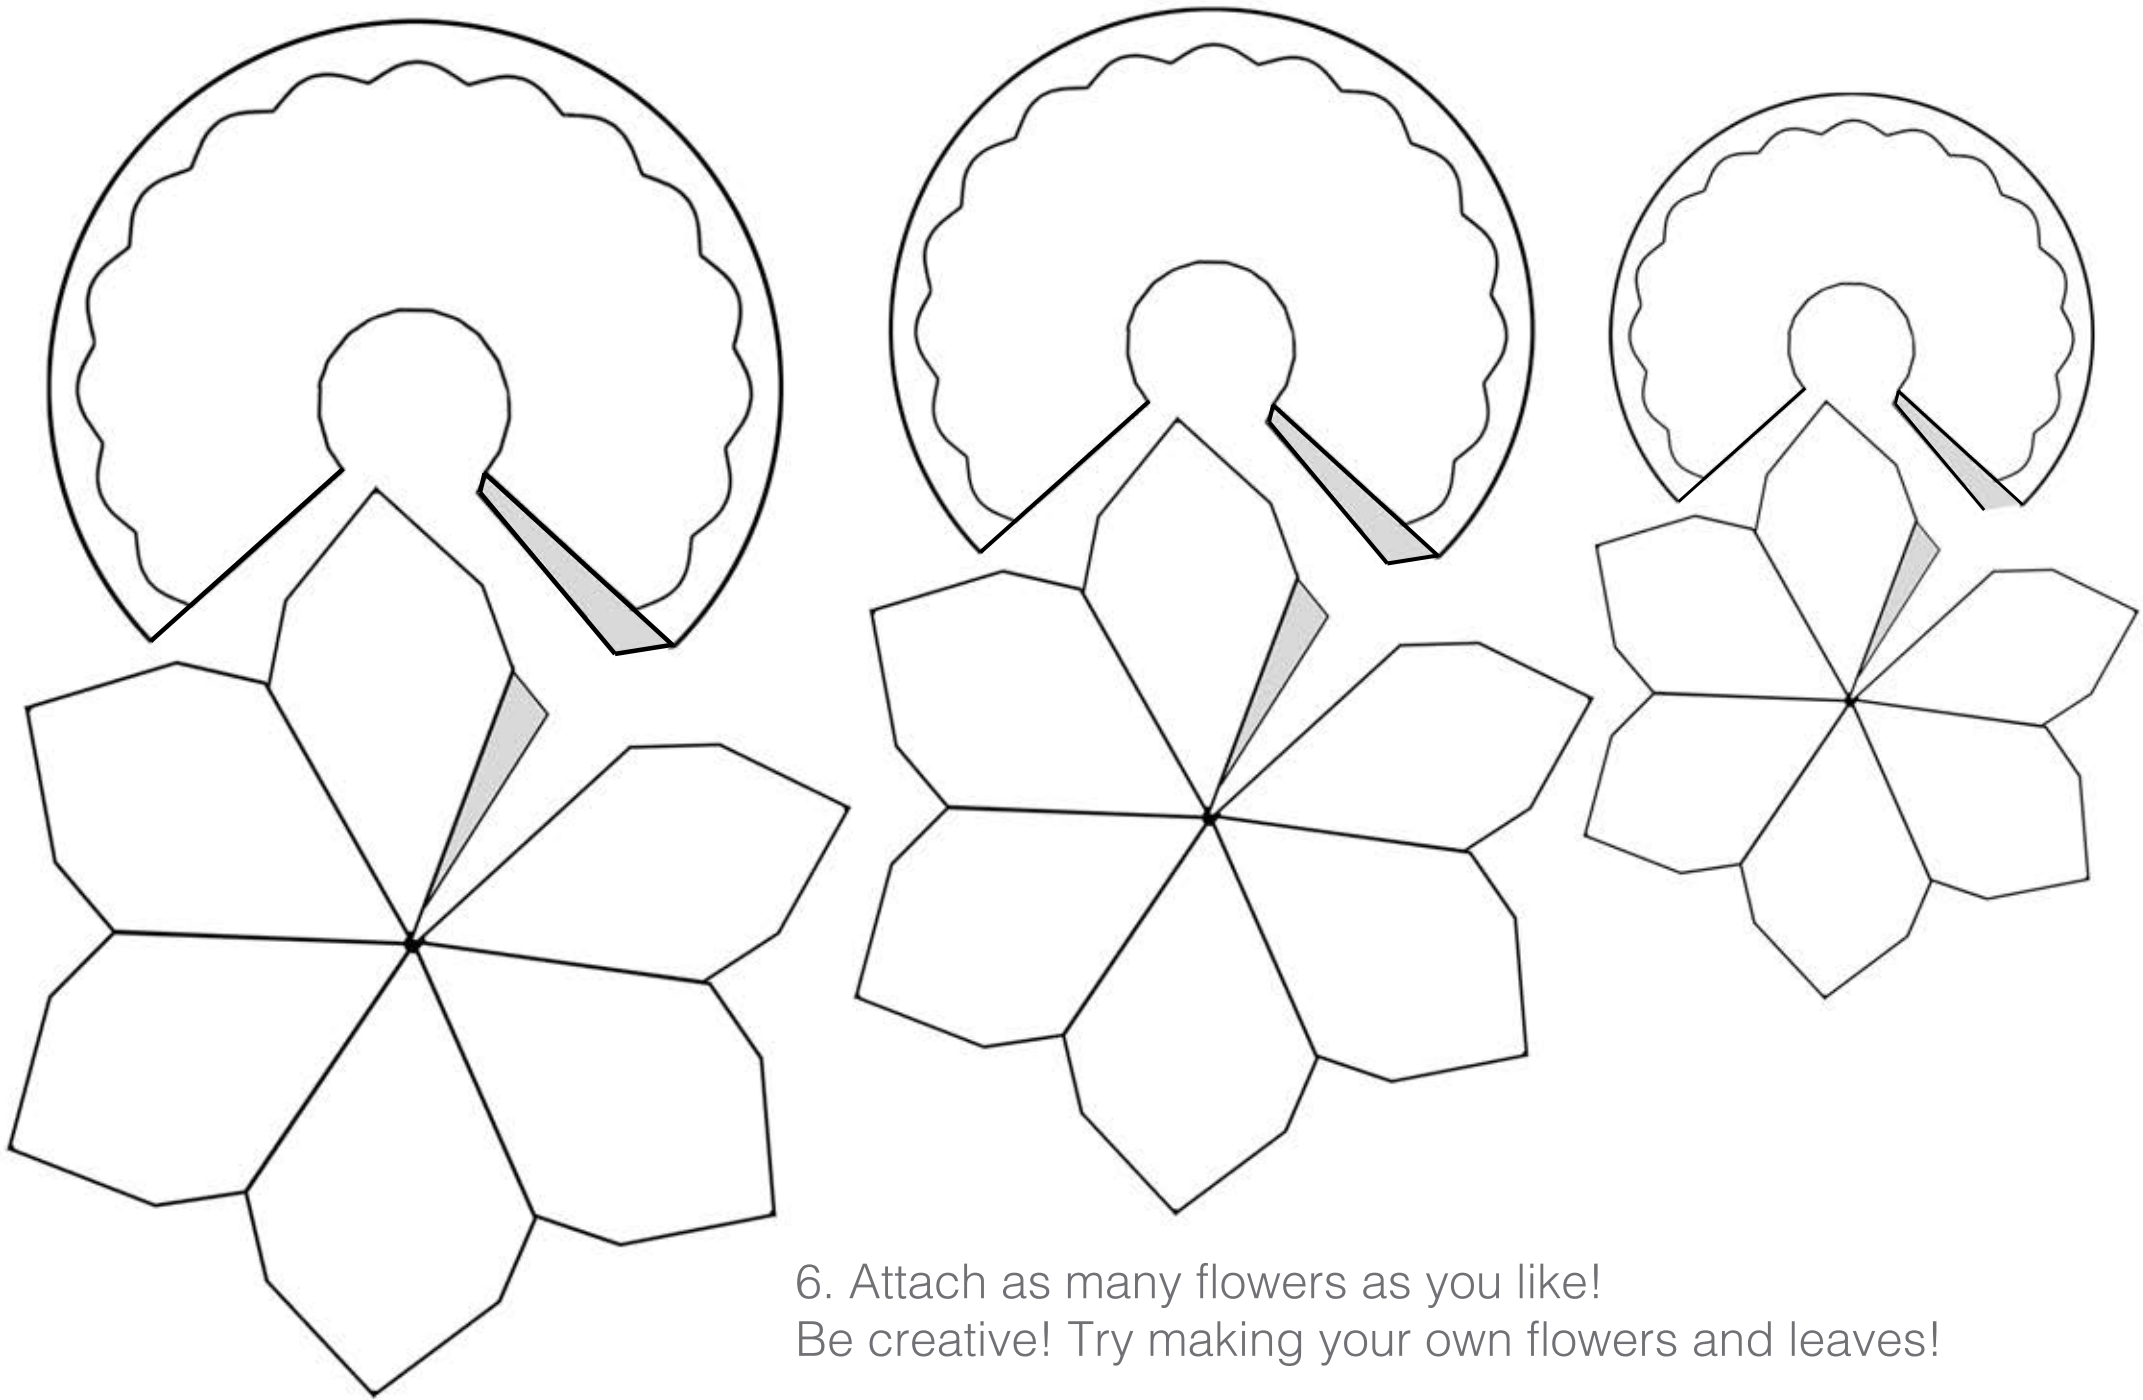

Top and
bottom
bands

2. Fold the tabs and attach the bottom of the box
3. Attach the handle
4. Cut out the top and bottom bands - we'll attach those soon!

5. Cut the shape out, fold in half along the dotted line, and cut the grey diamonds out. Attach the sides, then slide over the cylinder and attach. Now add the top and bottom bands.

6. Attach as many flowers as you like!
Be creative! Try making your own flowers and leaves!
