**FLORIADE
COMMUNITY
2024**

**Application
Information**

Welcome to Floriade Community 2024

In 2024, **Floriade Community** will return for its fifth consecutive year, expanding Floriade's signature blooms beyond Commonwealth Park and into Canberra's suburbs.

Applications are now open for eligible Community Groups/Organisations to participate in Floriade Community and add some extra colour to our city in Spring.

The Floriade Community program will provide bulbs and annuals to successful applicants to plant and maintain in their local area.

Locations must be:

- **Visible** to a large number of Canberrans who can enjoy the blooms in their day-to-day life
- Cover an area **at least 10sqm** in total with a planting density of 40 bulbs per sqm

Consider:

- Garden beds at your **local shops, church or community centre**;
- Planting in a **garden bed, pot or wheelbarrow**;

Floriade Community will complement the spectacular floral displays in Commonwealth Park managed by the Floriade team.

Program Objectives

The objectives of the Floriade Community program are to:

- Grow the **vibrancy** and **uniqueness** of our city and communities through planting of floral displays
- Acknowledge the **diversity** and **inclusivity** of the Canberra Region through showcasing organisations that support and enhance the Canberra community year round
- **Enhance community connectedness**, pride and social wellbeing
- Foster local **creativity, innovation, participation** and **recognition**
- **Increase accessibility** of Floriade through evenly distributed plantings across the ACT
- Stimulate the local economy and **drive business** to nearby cafes, businesses and community
